Atreyu

The Beautiful Dark of Life

The Beautiful Dark of Life is the ninth studio album from **Atreyu**, and their most ambitious project ever. Unfurled throughout the year as a series of three EPs, culminating in a surprise album release, Atreyu are taking their audience on a journey through "the seasons of life" and the rollercoaster of human existence. With songs that speak openly and honestly about anxiety, depression, self-belief, love and identity, *The Beautiful Dark of Life* represents Atreyu's most universal and important songwriting to date. Through the expression of deeply personal feelings and emotions, Atreyu are giving a voice to a global audience dealing with the very same issues that the band are laying bare, and who are seeking solace, empathy, escapism and empowerment through music.

[Integral]

Ascending from the depths, the almighty **DEATH ANGEL** return to offer their latest, energy fueled masterpiece: "*Humanicide*." A return to the wolves alongside a survivalist pack mentality are what fuel the powerful themes erupting from these fresh metal anthems. In a modern capitalist society where selfishness reigns and communal help and survival are things of the past, **DEATH ANGEL** produces sounds and symbols that point out the truths of attempting to exist safely in the present day. The title itself describes a plain in which humans, after generations of violence, regression, and hate, have finally extinguished themselves into dust. The wasteland they left behind is populated only by those creatures that passionately depend on their pack for survival: The Wolves. Gnashing their teeth and struggling to survive in an abandoned world, the wolves are back and galloping fiercely across the cover of the album. Adorned in the war skins of their enemies and the creatures they've killed together in order to survive, the powerful messages of the songs can be seen in **Brent Elliott White's** fantastic piece of art.

BIO

Warren Haynes' Christmas Jam returned for its 30th annual installment in December 2018. The charity event was held over two days at the U.S. Cellular Center in the guitarists' hometown of Asheville, North Carolina on December 7th and 8th, 2018. Now, for the first time, it's being released on 4 different vinyl sets, 2CD+DVD and 3CD+2Blu-ray. It features performances by Gov't Mule who presented a Dark Side Of The Mule tribute to Pink Floyd, as well as Grace Potter, Jamey Johnson, Marco Benevento, and Mike Gordon. Foo Fighters frontman Dave Grohl also headlined one night for a set billed as Dave Grohl And Friends Play 'Play' in reference to his 23-minute instrumental. Gov't Mule, Eric Church, Jim James, and Joe Bonamassa round out the lineup alongside many more special guests.

Warren Haynes Presents: The Benefit Concert Volume 20 is available everywhere on December 8th, 2023 on 4 different vinyl sets, 2CD+DVD and 3CD+2Blu-ray.

Carnivore is one of the most unique bands ever. This first album was their introduction to larger-than-life vocalist/bassist Pete Steele, and even though Type O Negative's epic brand of gothic metal was still just a glimmer in his eye, in retrospect one can already recognize the fascinating range of creative contradictions that would always characterize the 6'7" man's work.

"For 'Retaliation', I really wanted to make an album that was half Black Sabbath-type metal and half ripping hardcore," he said before the album's original reissue in 1987. "I just loved that vibe, so I incorporated the slowness and heavy dirge sound with the incredible energy of bands like Cro-Mags, Agnostic Front, Murphy's Law and Sheer Terror."

More than 35 years after its release, 'Retaliation' still stands as a landmark achievement in crossover music.

Here comes the 2023 vinyl reissue with the original cover and bonus tracks as Ltd. Edition Gatefold double album with Coke Bottle Green transparent colour.

02. Satan My Master
03. Dead Men Don't Rape
04. Nocturnal Fear
05. Burn In Hell
06. Perfect Strangers
07. Metal Heart
08. Nocturnal Fear (Celtically Processed)

As they conjure new, dark compositions, **DIMMU BORGIR** take a retrospective look back, celebrating the band's 30th Anniversary and the seminal artists that left a defining imprint on their sound.

Conceived in the heart of the Norwegian black metal scene in 1993, **DIMMU BORGIR** quickly broke free from the boundaries of the genre, daring to combine a traditional raven black sound with opulent symphonic orchestration. They became pioneers within their own field, forging groundbreaking albums such as *Enthroned Darkness* (1997), *Spiritual Black Dimensions* (1999), & *Death Cult Armageddon* (2003), invading the entire world with headline tours and eventually turning into the most influential act of their genre after nine full-length studio releases.

DIMMU BORGIR herald their 30-year legacy by releasing, together for the first time, a collection of their cover songs. *Inspiratio Profanus* features a cover of *Black Metal* (VENOM), the genre-defining *Perfect Strangers* (DEEP PURPLE), and more!

OVERVIEW

Two, a defining musical landmark in Bob James' career and his second solo album for producer Creed Taylor's CTI label, debuted in 1975 and charted at No. 28 in the Top R&B/Hip Hop Albums and No. 75 on The Billboard 200. The album contains the iconic "Take Me To The Mardi Gras," one of hip-hop's most recognizable breakbeats, sampled over 400 times. The album also features a dynamic jazz-meets-classical music mash-up ("Farandole"), a tasteful soul music cover ("You're As Right As Rain"), and memorable cinematic pieces ("Golden Apple" and "Dream Journey"). The World's Greatest AUDIOPHILE VOCAL RECORDINGS

Artist: Various Artists

Title: The World's Greatest Audiophile Vocal Recordings Volume 3

Genre: Audiophile, Vocal Jazz, Folk, Singer-songwriter

[DOWNLOAD PACKSHOTS HERE](#)

ALBUM SYNOPSIS:

Available for the first time ever on vinyl and SACD, Chesky's *"The World's Greatest Audiophile Vocal Recordings Volume 3"* is a collection of the very best vocalists within the audiophile scene. This soulful and sophisticated collection of songs has been hand-picked for the very best listening experience. Featuring the signature vocals of songstress Anna Nalick (*"As Time Goes By"*), soft-spoken crooner Casey Abrams (*"Why Don't You Do Right?"*) and the soulfully smooth stylings of Macy Gray (*"I Try"*) and more. The album showcases the vocal dynamics of this formidable roster in a natural recording that makes it feel like they are right in the room with you. The album attests to Chesky's commitment to detailed, clear, high-quality sound and perfectly introduces the label's unique approach to record production.

Thirty-four years after the label's debut release, Chesky Records has maintained its original ethos of creating "the illusion of live musicians in a real three-dimensional space." It achieves that by focusing on presenting an immersive listening experience for its customers that is unique in the music industry. The label's new licensing agreement with Evolution Music Group for a series of vinyl and SACD reissues means that the distinctive Chesky sound is likely to find a new audience of listeners that will never hear music the same way again.

"The World's Greatest Audiophile Vocal Recordings Volume 3" will be available on 180g Vinyl LP (audiophile pressing) and SACD Hybrid Stereo by Evolution Music Group on the 17th November 2023.

Sue Foley

LIVE IN AUSTIN

VOL. 1

Release Date:
December 8, 2023

NOW ON
VINYL

Recorded live at the legendary Continental Club in Austin, Texas. This electrifying album captures all of the grit, sweat and devastating guitar playing that has propelled Sue Foley to the top of the Blues world in 2023. Here, Sue reaches back and delivers first-ever live recordings of some of her early hits, deep covers, and some surprises too!

First arriving in Austin in 1991 at the urging of nightclub impresario Clifford Antone, it's in that era of Austin where she cut her teeth amongst infamous Texas guitar slingers like Albert Collins and The Vaughan Brothers. It's all come down to this one hot Friday night in Austin, playing to a packed club. It's real. And it's tough as nails. That's Sue at the top of her game.

This past May, Foley was awarded the Blues Music Award for Traditional Blues Female Artist (Koko Taylor Award) in Memphis TN -- an award she also won in 2022 and 2020. She was also recently honored with Guitarist of the Year and Blues Act of the Year at the 2023 Austin Music Awards, and Guitarist of the Year at the 2023 Maple Blues Awards. Her last album, *Pinky's Blues* took home Best Traditional Blues Album at the 2022 Blues Music Awards.

Gifted and versatile songwriter, producer, vocalist, and multi-instrumentalist *Dan Hartman* mastered a wide range of styles, including classic rock (*Edgar Winter Group's "Free Ride,"* written and sung by Hartman), ground-breaking dance classics ("*Relight My Fire*" and "*Instant Replay*" as a solo artist, *Loleatta Holloway's "Love Sensation"* as writer/producer), anthemic '80s pop ("*I Can Dream About You*" under his own name; *Tina Turner's "Simply The Best"* as producer), funky R&B (*James Brown's* comeback hit "*Living In America*," produced and co-written by Hartman), and even ambient new age music (1989's *New Green Clear Blue* solo album), to cite just a few highlights from Hartman's staggering output of more than 250 compositions and appearances on over 100 albums during his tragically short lifetime.

Dan Hartman's restless artistry took yet another twist with 1981's *It Hurts To Be In Love*, which plays as a tribute to classic Brill Building songwriting sensibilities while doubling as a concept album on unrequited love. The album alternates lovelorn ballads with more upbeat and quirkier tracks, each filled with sumptuous melodies and Hartman's emotionally expressive vocals and lyrics. "This music is closer to me because it has more romantic sensitivity than I've allowed myself to show in past productions. I'm really pouring it all out," Hartman commented at the time of *It Hurts To Be In Love's* release. "I guess you could say there's more Dan Hartman in there than any other record I've done."

JOANNA BROUK: **SOUNDS OF THE SEA**

Joanna Brouk's most ambitious recording, *Sounds of the Sea* is a concept album full of mystery and eroticism. A conch shell bookends this journey into the deep, going down and down and down further, never reaching bottom. Drawing inspiration from various legends of mermaids and sailors, Brouk weaves circling flutes, vocals, drones and whale songs to describe a sense of unfathomable longing more clearly than words could ever express. *Sounds of the Sea* is a hypnotic and profound achievement by one of new age's greatest composers.

City Talk is the new self produced album from Zac Farro's Halfnoise. City Talk arrives via Farro's Nashville artist collective Congrats Records and follows 2019's critically acclaimed Motif LP.

Farro, perhaps best known as the drummer of Paramore, has been honing his skills outside of his main gig for years now. He's released a steady flow of Halfnoise music, he's produced and played with Becca Mancari and Elke, he's directed videos for Paramore, Hayley Williams, Elke and Halfnoise and he's a consummate photographer – releasing a photo book in 2020 In Transit and shooting his bands and others, including Local Natives who are currently using Farro's images as their promo shots.

The LP features a gatefold jacket and exclusive neon green LP.

- **Zac continues to tour with Paramore, including high profile dates headlining arenas across the US and opening for Taylor Swift.**
- **The album features the feel-good track “Baby” that many might remember hearing live during Paramore’s 2023 tour.**
- **Halfnoise will play 3 headline shows in Nashville, New York and Los Angeles in support of the release.**
- **70M streams to date across catalog**

C-CLAMP: DREAM BACKWARDS

Percolating in the same watery diner coffee that spawned American Football and Hum, C-Clamp shrugged on and off the '90s slowcore and emo scenes in a hurry. Compiled here are the band's two albums for the venerable Ohio Gold label—*Longer Waves* and *Meander + Return*, plus a third LP of singles and compilation tracks, and a meticulously annotated book stuffed with lyrics, photos, flyers, and ephemera from their all-too-brief existence. This one's colder than a Chicago winter—better plug in that space heater.

ABOUT THE 45

The A side of this 45, a brand new track from Aaron Frazer, is about how pressure makes diamonds. The last couple years have been really challenging, especially for those navigating relationships amidst the chaos. This song celebrates the connections of love that are strong enough to weather any storm, and the certainty that comes from making it through together.

The B side features a track from Aarons first solo LP. Lyrically, Frazer sounds lovesick; the imagery he paints of demons "so close behind" and the repetition of these lyrics emphasize his longing. The song starts with piercing guitar, dark bass, and chime piano as Frazer himself drums throughout the song. The orchestration is swell while the strings and voices blend well with the transcendent feel of the music.

Grab this 45, on either black and limited edition heart shaped vinyl, available MM/DD/YYYY from Colemine Records.

GRIEVES

THE COLLECTIONS OF MR. NICE GUY

Following the release of his *Running Wild* album, **Grieves** let loose a flurry of new music, surprising and delighting fans with fresh new singles each week. He was able to express his growth and hunger in this new work, as the content and production ranged from light-hearted and jazzy to intense and introspective. After releasing a string of five standalone singles he compiled them all onto one sensational project with three additional unreleased tracks, and introduced it as *The Collections of Mr. Nice Guy*.

The Collections of Mr. Nice Guy showcased a wide range of Grieves lyrical expression, as well as his production talents. On "Perspective", Grieves waxes about the hypocritical standards musicians often face, while "Let The Devil In" addresses the demons he grapples with personally, rapping: "That shadow on my shoulder weighs a ton, y'all pretend like my experience with hell was just for fun (nah)." On the lighter side, Grieves invites Chris Webby to trade bars back & forth on "Man Down", where the pair go on to skewer less-than-stellar MCs holding space in the industry. Meanwhile, "I'll Be Better" delivers a melancholy reflection on the tropes of heartbreak, letting go of the old and making room for the new. At once, *The Collections of Mr. Nice Guy* stands at the intersection of all things fans that have historically drawn fans to Grieves—truthful and relatable lyricism over soulful synths and drums.

Genre Psychedelic / Rock **Format** CD **MSRP** \$13.98

UPC 720053285321

- Superb compilation spanning 1973-2017 from renowned British songwriter, performer and author
- Featuring John Otway, Wreckless Eric, Pete Cox
- Remastered by Prof. Stoned
- RIYL: Hawkwind, Frank Zappa, John Otway, British Psychodelia

Ancient and Modern: Highlights of Half-a-Century is a testament to Alan Clayson's five decades of musical brilliance. Known as the charismatic frontman of **Clayson and the Argonauts** and a notable solo artist, both entities are characterized by their distinctive recorded output and stage acts that defy succinct description.

This compilation showcases the breadth of Clayson's styles, from psychedelic gems like "Sol Nova" to much-covered folk tracks such as "The Moonlight Skater," co-written with Jim McCarty of the Yardbirds. Moreover, since 2011, he has been touring with *Clayson Sings Chanson*, a presentation aligned with the recent edition of his **Jacques Brel** biography, *La Vie Bohème* - just one among thirty books of which he is the author. This handpicked collection enhances his already remarkable discography, providing an excellent entry point for newcomers.

Alan Clayson's legacy is both vast and impactful. Throughout his career, Clayson has masterfully blended avant-garde performances with insightful writings, solidifying his status as a unique and enduring figure in the annals of music and literature.

"Is he a singer? Author? Musician? Of course he is all of these things, but I think he is mostly a poet actually" – The Beat

"His delivery and performance style has led to a deserved cult status" - Time Out

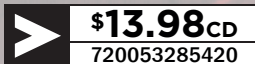

"Madcap but pop-worthy vignettes of supernatural events in mundane locations [that] illuminate the human condition" – MOJO

"John Cleese recast as a groupie" – Los Angeles Times

MILDREDA are spellbound by the devil! The Belgian electro shooting stars are possessed to the point that their sophomore physical full-length with the tell-tale title "Blue-Devilled" turns out to be a concept album hell but as the one defined by French existentialist Jean-Paul Sartre, which is reflected in the eyes of other people. This idea is a recurrent theme in many tracks of the album. Musically, "Blue-Devilled" turns out to be more varied than its direct predecessor "I Was Never Really There". There are more melodies and more shades to be found in the new tracks. Canadian EBM influences are still audible as well as the touch of Belgium sonic flavour. Yet the new broader and more open sound reveals MILDREDA's true colours. In 1995, the 16 year old Jan Dewulf self-released his first full-length tape "Il Castrato" under the MILDREDA banner. His raw first effort was soon followed by a second cassette entitled "De Laffe Denker" in 1996, which got widely copied and circulated in electro circles. MILDREDA gained

a strong following and excellent reputation in the Belgian scene and beyond, which led to live performances sharing stages with such renowned acts as PLASTIC NOISE EXPERIENCE, TERMINAL CHOICE, COVENANT, VNV NATION among many others. Despite his early success, Dewulf felt discontent with the business side of the scene and put MILDREDA on hold. In following years, he took a degree in philosophy and also started a new project under the moniker DISKONNEKTED, which focused more on dance influences. MILDREDA continued to grow even during their absence by word of mouth. Dewulf came back to his love for dark electronic sounds with the digitally released 'Coward Philosophy' in 2016. His first physical album "I Was Never Really There" in 2021 brought MILDREDA back to the spotlight of the electro scene. "Blue-Devilled" both musically and lyrically marks another huge milestone in the career of MILDREDA. The Belgians are back to prove that even in a philosophical hell, the devil still writes all the best tunes!

Five CD set. For the first time ever, the entire singles collection of Eurovision winners and '80s hitmakers **Bucks Fizz**, as their correctly released versions. Including the #1 hits 'The Land Of Make Believe', 'My Camera Never Lies' and 'Making Your Mind Up', plus all the B sides from the singles and all the original extended mixes produced by Andy Hill. The majority of these tracks are taken from the original studio production master

tapes. All fully remastered for the best possible quality ever released of Bucks Fizz material. Also for the first time, this collection contains the instrumentals and backing tracks for all the official singles, which have never been released! Finally, a whole CD of unreleased extended mixes including 'New Beginning', 'If You Can't Stand The Heat', 'Love The One You're With' and the song that started it all back in 1981, 'Making Your Mind Up'. The entire collection contains 31 previously unreleased tracks, and also includes a 28-page booklet with extensive sleeve notes, photographs and discography. All contained within a five-disc digipak. An absolute must for not only fans of this Eurovision winning act but 80s pop aficionados alike.

Four CD set. **NOW Music** are excited to present **NOW 12" 80s**. The 12" single was a dynamic and increasingly essential part of the release schedule as the decade progressed. Incorporating extended (sometimes full album) versions, remixes, and re-inventions - they not only gave the dancefloor a longer version, and the listener an alternative take, but also highlighted the artistry of the producer - bringing together all kinds of elements to create new soundscapes woven together with the original track, either vocal or instrumental, to present another reason to be excited on release date. Across four CDs, 46 extended, full-length, or remixed versions reflect a year of seismic change in the Pop Charts and on the dancefloor

for the 12" single - the previously dominant genre, Disco, now shared the space with remixes that embraced Pure Pop, New Wave, Rap, Electro, and Synth-driven New Romantic hits that shone a light on the new post-Disco club scene.

Limited double vinyl LP pressing. Vinyl-only compilation celebrating the birth of independent Punk Rock in the UK! Includes some of the scene's key names - Alternative TV, U. K. Subs, 999, The Ruts, The Rezillos, The Boys, Angelic Upstarts, The Fall - alongside landmark collectable 45s by bands like Puncture, 'O' Level, The Wasps and The Rowdies. When punk arrived in late 1976, the scene acted as a catalyst for an explosion of independent labels which swiftly sprung up around the UK. Named after a classic track by Manchester's The Drones, 'Just Want To Be Myself' boasts classic sevens on imprints such as Small Wonder, The Label, Rough Trade, Dining Out, Deptford Fun City and Cherry Red (all London), Zoom (Glasgow), Attrix (Brighton), Heartbeat (Bristol), Good Vibrations (Belfast) and Bent (Manchester). Many of the individuals and bands featured would later enjoy success in various incarnations - for example, The Pack mutated into Theature Of Hate, The Outsiders' Adrian Borland attracted acclaim with his band The Sound, 'O' Level's Edward Ball made an impact with various acts including The Times and Leyton Buzzards evolved into pop combo Modern Romance! Pure Hell and The Electric Chairs' Wayne County

produced, arranged, and conducted by the legendary Vincent Montana, Jr. (MFSB, Goody Goody)! 36 tracks comprising the original, hard-to-find 1976 mix of 'Christmas Jollies' and Tom Moulton's complete 1992 remix plus producer Patrick Adams' rare follow-up, Christmas Jollies II, and a whopping 11 bonus single versions and remixes! Key tracks include the holiday perennial 'Merry Christmas All' sung by Denise Montana, the merrily disco-fied 'The Little Drummer Boy' (a favorite of Parliament-Funkadelic's George Clinton!), 'You're All I Want For Christmas' performed by Inner Life's Jocelyn Brown, and epic Christmas and New Year's medleys! 'Christmas Jollies' features the Philadelphia soul sound of the original MFSB, including Norman Harris, The Trammps' Earl Young, Larry Washington, Don Renaldo's Horns and Strings, and The Sweethearts of Sigma.

HNE

Four CD set containing two solo studio albums from legendary guitarist **Bernie Tormé** plus two live albums and 16 bonus tracks. Inspired by his guitar heroes Jimi Hendrix and Rory Gallagher, the young Bernie Tormé pitched up in London in 1977, then in the grip of punk rock. He embraced punk, playing the Roxy and the Vortex. But he had his reservations: "Guitar solos not allowed". So he was perfectly placed to hitch his wagon and trusty Stratocaster to Ian Gillan's new venture, Gillan, in 1978. Bernie's guitar histrionics were the perfect foil. Gillan's new solo band saw the singer enjoy his biggest solo successes, across four hit albums, numerous singles and appearing before millions of viewers on Top Of The Pops. After eventually jumping ship in 1981, Bernie released his debut solo album, 'Turn Out The Lights' (CD1) to chart success the following year. Bernie was joined by Phil Spalding on bass and vocals, Saxon's Nigel Glockler and

Mark Harrison on drums and Gillan's Colin Towns on keyboards and flute. Following extensive touring of the UK with the Electric Gypsies, Bernie released his second solo album with the power trio featuring Everton Williams on bass and vocals and Frank Noon on drums. 'Electric Gypsies' (CD2) was produced by Bernie Tormé and Stephen Stewart. Ever the showman, it made sense for Bernie to record a live album, and in 1984 he released the self-explanatory [LIVE] (CD3), recorded in London the previous year. Putting together a new three-piece band, Bernie was backed by Colin "James" Bond on bass and Ron Rebel on drums. The fourth and final CD in this set is 'Live In Sheffield 1983' (CD4). Recorded live at the Octagon, Sheffield on the same tour and with the same line-up as the [LIVE] album, the show on CD4 mines a similar vein as the first live album on this collection, drawing heavily on his first two solo albums, and including a cover of Gillan's 'No Easy Way.'

Four hours of recordings restored and mastered by Eroc. 32-page booklet includes unseen photos and an in-depth essay by Chris Welch. Formed in 1968 in Worthing, Sussex by vocalist Kieran White and bass guitarist Steve Davy, Steamhammer was augmented by guitarist Martin Pugh and later by Martin Quittenton after the band's arrival in London. Their progressive blues/rock style and original material driven by drummer Mick Rushton proved an instant hit with club-goers and festival audiences. 'Junior's Wailing', a hard-hitting "rock me baby, all night long" number sold well and as a result, they became much

in demand for TV and radio shows, and regularly toured Germany where they were especially popular.

Ascending from the depths, the almighty DEATH ANGEL return to offer their latest, energy fueled masterpiece: Humanicide. A return to the wolves alongside a survivalist pack mentality are what fuel the powerful themes erupting from these fresh metal anthems. In a modern capitalist society where selfishness reigns and communal help and survival are things of the past, Death Angel produces sounds and symbols that point out the truths of attempting to exist safely in the present day. The title itself describes a plain in which humans, after generations of violence, regression, and hate, have finally extinguished themselves into dust. The wasteland they left behind is populated only by those creatures that passionately depend on their pack for survival: The Wolves. Gnashing their teeth and struggling to survive in an abandoned world, the wolves are back and galloping fiercely across the cover of the album. Green Cass

The Beautiful Dark Life is the ninth studio album from Atreyu, and their most ambitious project ever. Unfurled throughout the year as a series of three EPs, culminating in a surprise album release, Atreyu are taking their audience on a journey through the seasons of life and the rollercoaster of human existence. With songs that speak openly and honestly about anxiety, depression, self-belief, love and identity, The Beautiful Dark Life represents Atreyu's most universal and important songwriting to date. Through the expression of deeply personal feelings and emotions, Atreyu are giving a voice to a global audience dealing with the very same issues that the band are laying bare, and who are seeking solace, empathy, escapism and empowerment through music.

Ancient and Modern: Highlights of Half-a-Century is a testament to Alan Clayson's five decades of musical brilliance. Known as the charismatic frontman of Clayson and the Argonauts and a notable solo artist, both entities are characterized by their distinctive recorded output and stage acts that defy succinct description. This compilation showcases the breadth of Clayson's styles, from psychedelic gems like Sol Nova to much-covered folk tracks such as The Moonlight Skater, co-written with Jim McCarty of the Yardbirds. Moreover, since 2011, he has been touring with Clayton Sings Chanson, a presentation aligned with the recent edition of his Jacques Brel biography, La Vie Bohème - just one among thirty books of which he is the author. This handpicked collection enhances his already remarkable discography, providing an excellent entry point for newcomers.

E	Dimmu Borgir__Inspiratio Profanus	Nuclear Blast	4065629707934	\$14.98	450	Rock
As they conjure new, dark compositions, Dimmu Borgir take a retrospective look back, celebrating the band's 30th Anniversary and the seminal artists that left a defining imprint on their sound. Conceived in the heart of the Norwegian black metal scene in 1993, Dimmu Borgir quickly broke free from the boundaries of the genre, daring to combine a traditional raven black sound with opulent symphonic orchestration. They became pioneers within their own field, forging groundbreaking albums such as Enthroned Darkness Triumphant (1997), Spiritual Black Dimensions (1999), & Death Cult Armageddon (2003), invading the entire world with headline tours and eventually turning into the most influential act of their genre after nine full-length studio releases. Dimmu Borgir herald their 30-year legacy by releasing, together for the first time, a collection of their cover songs. Inspiratio Profanus features a cover of Black Metal (VENOM), the genre-defining Perfect Strangers (DEEP PURPLE), and more!

D	Elkington,James__Me Neither	No Quarter	843563169346	\$13.98	50	Folk/Americana
Me Neither is a 29 track double album of instrumental guitar music. While juggling a number of other projects James Elkington began writing music for which there was no purpose. It became a new way of working for him - waking up each morning and improvising and recording the first thing that came into his head. The only rules I gave myself were that I should make most of the sounds with a guitar, changing the speed or processing the recordings afterwards to get the effect I was looking for. Before long he had an albums worth of material. About mid-way through the second album Elkington had a liberating thought: he was making his own version of library music if you're writing library music, you don't have to know what it's for - that can be someone else's job.

E James, Bob__Two Evosound 4895241414299 \$15.98 400 Jazz
Two, a defining musical landmark in Bob James' career and his second solo album for producer Creed Taylor's CTI label, debuted in 1975 and charted at No. 28 in the Top R&B/Hip Hop Albums and No. 75 on The Billboard 200. The album contains the iconic Take Me To The Mardi Gras, one of hip-hop's most recognizable breakbeats, sampled over 400 times. The album also features a dynamic jazz-meets-classical music mash-up (Farandole), a tasteful soul music cover (You're As Right As Rain), and memorable cinematic pieces (Golden Apple and Dream Journey). There is also the notable inclusion of a bonus track (Here Let My Life), which was previously only released in Japan. The album will be re-issued by evosound on the 21st of April 2023.

E Mildreda__Blue-Deviiled Dependent 884388877719 \$35.98 20 Electronic
2CD Book (60 pages, hardcover, 18x18cm) incl. Bonus CD with 5 bonus tracks (limited edition). Mildreda are spellbound by the devil! The Belgian electro shooting stars are possessed to the point that their sophomore physical full-length with the tell-tale title Blue-Deviiled turns out to be a concept album hell but as the one defined by French existentialist Jean-Paul Sartre, which is reflected in the eyes of other people. This idea is a recurrent theme in many tracks of the album. Musically, Blue-Deviiled turns out to be more varied than it's direct predecessor I Was Never Really There. There are more melodies and more shades to be found in the new tracks. Canadian EBM influences are still audible as well as the touch of Belgium sonic flavour. Yet the new broader and more open sound reveals Mildreda's true colours. In 1995, the 16 year old Jan Dewulf self-released his first full-length tape II Castrato under the Mildreda banner. His raw first effort was soon followed by a second cassette entitled De Laffe Denker in 1996, which got widely copied and circulated in electro circles. Mildreda gained a strong following and excellent reputation in the Belgian scene and beyond, which led to live performances sharing stages with such renowned acts as PLASTIC NOISE EXPERIENCE, TERMINAL CHOICE, COVENANT, VNV NATION among many others. Despite his early success, Dewulf felt discontent with the business side of the scene and put Mildreda on hold. In following years, he took a degree in philosophy and also started a new project under the moniker DISKONNEKTED, which focused more on dance influences. Mildreda continued to grow even during their absence by word of mouth. Dewulf came back to his love for dark electronic sounds with the digitally released 'Coward Philosophy' in 2016. His first physical album I Was Never Really There in 2021 brought Mildreda back to the spotlight of the electro scene. Blue-Deviiled both musically and lyrically marks another huge milestone in the career of Mildreda. The Belgians are back to prove that even in a philosophical hell, the devil still writes all the best tunes!

D Nau, Michael__Accompany Karma Chief 674862662678 \$13.98 25 Folk/Americana
Michael Nau is set to release his fifth full length record under Karma Chief Records on 12/8/2023. Since the mid 2000's, he's crafted a catalog of thoughtful, reflective songs as the frontman of indie-rock mainstays Cotton Jones, Page France, and Michael Nau & The Mighty Thread. All 11 tracks come together to paint a beautiful picture. The lyrics invoke the listener's imagination throughout. They're introspective, but vague and open-ended. The indie rock backdrop shows signs of psych-soul influence with dry and punchy drums, lush synth lines, and tastefully verb-soaked vocal production. Sweeping string arrangements and French horn runs add cinematic motion to the waltz-y Shiftshaping (track 4). Slide guitar and a shuffling snare drum add some get-up-and-go to Painting a Wall (track 2). Nau's vocal delivery falls somewhere between crooning to a crowd, telling stories to a loved one, and musing to himself. The singer-songwriter's relaxed attitude toward making records is discernible in the sound. A while back, veteran producer and engineer Adrien Olsen (The Killers, Lucy Dacus, Fruit Bats), approached him about recording in his Richmond, Virginia-based studio. For the first time in a while, Michael had some sessions on the calendar. He called a few old friends and put together a band. I didn't have much of a plan before Adrien reached out, so I wrote some songs specifically for the session, Michael explained. I was thinking about what would be fun to play with this specific group of guys. The band consisted of several long-time collaborators and musicians who had participated in Nau's various recording and touring efforts over the years. It had been a while since I'd made music in a room with other people, Michael shared. We just sort of started playing and didn't really talk about what was happening. The combo's newfound chemistry was a primary source of inspiration and, with the help of Olsen, ultimately led to an album's-worth of music. Nau and the band spent five days at Montrose Recording and left with a plan to return and finish up a few months later. After the first session, I took a copy of the recordings with me to overdub a few things at my spot, Michael shared. While he was working through it, he found a bunch of beautiful moments of jamming in between the takes. I grabbed a bunch of the pieces and tried to work them in. Then, I dumped the whole thing onto a cassette as one long stream of songs. With the record mostly complete, the final session at Montrose would consist of some simple overdubs and finishing touches. But somehow, in the months between, he lost the overdubs. Going into the second session, all I had was the cassette, Michael explained. The band got back together and performed another batch of songs. At the end of their second session, they had enough music to pick and choose from for the new full-length. The songs, as they appear on the album, are basically how they were recorded as a live band. Grab a copy of Accompany on 12/08/2023 and keep an eye out for tour dates in the coming months.

There have been countless important decision days in the life of Tom Angelripper. On most of them, he has steered the path of his musical career in the optimum direction. As the singer and bassist of his band Sodom, Angelripper has been instrumental in keeping the 'German Thrash Metal' quality seal on the international map since 1982, proving with his uncompromising songs and ambitious lyrics that he likes to think outside the box of his musical genre. At the same time, Sodom have always felt committed to their own history and, along with the courageous exploration of new territories,

have never lost sight of their band's typical sound. So it comes as no surprise that their latest album Decision Day is a successful mélange of a fresh, contemporary thrash metal attitude and the group's traditional fortes. The vocals on Decision Day occasionally remind me of our Persecution Mania phase, says Tom Angelripper, but the songs go much deeper, musically as well as in terms of their lyrics.

D Bates, Tyler / Higginbottom, Joanne__ Genndy Tartakovsky's Primal - O.S.T. iam8Bit 850047432308 \$55.98 Soundtrack
Drawing from the rich history of vintage pulp novels, Genndy Tartakovsky's Primal is a fantastical vision of prehistory, a poetic exploration of humankind's brutal and conflict-laden origins. Like much of Tartakovsky's Samurai Jack, Primal is light on dialogue, instead focusing on the power of animation as a visual medium to tell its stories of struggle and survival. But that doesn't mean it's lacking powerful audio. Rather, the show's fierce soundtrack works elegantly with its imagery to evoke emotions that feel fundamental, inherent, and - dare we say - primal. iam8bit is proud to partner with our pals at Adult Swim to bring you selections from this chilling, eerie and full-on ferocious soundtrack on wax. Tyler Bates and Joanne Higginbottom's unforgettable music comes to life on two classic black vinyl discs, one for each season of the hit animated series, produced by Cartoon Network Studios. From the driving, pulsating drums of Slave of the Scorpion to the somber, reflective soundscapes of Viking Funeral, these songs are sure to transport you to a different time & place with every spin. It all comes nestled in a jacket designed exclusively for this vinyl release by Genndy Tartakovsky himself, making it a truly worthy tribute to Spear and Fang's epic ancient saga.

D	Brouk,Joanna__Sounds Of The Sea - Seaglass Wave	Numero	825764181532	\$26.98	200	New Age / Meditation
Joanna Brouk's most ambitious recording. Sounds of the Sea is a concept album full of mystery and eroticism. A conch shell bookends this journey into the deep, going down and down and down further, never reaching bottom. Drawing inspiration from various legends of mermaids and sailors, Brouk weaves circling flutes, vocals, drones and whale songs to describe a sense of unfathomable longing more clearly than words could ever express. Sounds of the Sea is a hypnotic and profound achievement by one of new age's greatest composers.						
E	Carnivore__Retaliation - Coke Bottle Green	Fddl	4250444192106	\$32.98	500	Rock
Carnivore is one of the most unique bands ever. This first album was their introduction to larger-than-life vocalist/bassist Pete Steele, and even though Type O Negative's epic brand of gothic metal was still just a glimmer in his eye, in retrospect one can already recognize the fascinating range of creative contradictions that would always characterize the 6'7 man's work. For 'retaliation', I really wanted to make an album that was half Black Sabbath-type metal and half ripping hardcore, he said before the album's original reissue in 1987. I just loved that vibe, so I incorporated the slowness and heavy dirge sound with the incredible energy of bands like Cro-Mags, Agnostic Front, Murphy's Law and Sheer Terror. More than 35 years after it's release, 'retaliation' still stands as a landmark achievement in crossover music. Here comes the 2023 vinyl reissue with the original cover and bonus tracks as Ltd. Edition Gatefold double album with Coke Bottle Green transparent colour.

E	Dimmu Borgir__Inspiratio Profanus - Black & White Splatter	Nuclear Blast	4065629707910	\$26.98	500	Rock
As they conjure new, dark compositions, Dimmu Borgir take a retrospective look back, celebrating the band's 30th Anniversary and the seminal artists that left a defining imprint on their sound. Conceived in the heart of the Norwegian black metal scene in 1993, Dimmu Borgir quickly broke free from the boundaries of the genre, daring to combine a traditional raven black sound with opulent symphonic orchestration. They became pioneers within their own field, forging groundbreaking albums such as Enthroned Darkness Triumphant (1997), Spiritual Black Dimensions (1999), & Death Cult Armageddon (2003), invading the entire world with headline tours and eventually turning into the most influential act of their genre after nine full-length studio releases. Dimmu Borgir herald their 30-year legacy by releasing, together for the first time, a collection of their cover songs. Inspiratio Profanus features a cover of Black Metal (VENOM), the genre-defining Perfect Strangers (DEEP PURPLE), and more!

D	Elkington,James__Me Neither	No Quarter	843563169353	\$31.98	50	Folk/Americana
Me Neither is a 29 track double album of instrumental guitar music. While juggling a number of other projects James Elkington began writing music for which there was no purpose. It became a new way of working for him - waking up each morning and improvising and recording the first thing that came into his head. The only rules I gave myself were that I should make most of the sounds with a guitar, changing the speed or processing the recordings afterwards to get the effect I was looking for. Before long he had an albums worth of material. About mid-way through the second album Elkington had a liberating thought: he was making his own version of library music if you're writing library music, you don't have to know what it's for - that can be someone else's job.

D	Felton,Hilton__Family & Friends	Groove Diggers	4995879076835	\$53.98		R&B
Hilton Felton is a keyboardist with a strong following amongst rare groove fans for his sophisticated, mellow and groovy playing. He has released many albums during his career on his own label, Hilton's Concept, Inc. And Family And Friends This is the first time that P-VINE has reissued this gem, which is sought after by many collectors due to the excellence of the music and the rarity of the record. For this reissue, all tracks have been given state-of-the-art mastering. There are numerous cover versions of the Jackson 5's well-known hit 'Never Can Say Goodbye' (M3), but it is safe to say that this version by Hilton Felton is by far the best quality. Also impressive is the jazz-funk cover of the Delfonics classic 'La, La Means I Love You' (M5), including the opening track 'Family And Friends' (M1), which enjoys a superb groove created by Hilton's soft playing. The original compositions will satisfy even the most demanding jazz listener. The groovy soul of 'the Power Of Love (It's In My Heart)' (M8), featuring vocals from a young Angela Winbush and Hilton Felton themselves, is also a wonderful performance that offers great depth of sound.

Blues world in 2023. Here, Sue reaches back and delivers first-ever live recordings of some of her early hits, deep covers, and some surprises too! First arriving in Austin in 1991 at the urging of nightclub impresario Clifford Antone, it's in that era of Austin where she cut her teeth amongst infamous Texas guitar slingers like Albert Collins and The Vaughan Brothers. It's all come down to this one hot Friday night in Austin, playing to a packed club. It's real. And it's tough as nails. That's Sue at the top of her game.

D Grieves__Collections Of Mr. Nice Guy - Teal Rhymesayers 826257029737 \$19.98 50 Rap & Hip-Hop
Following the release of his Running Wild album, Grieves let loose a flurry of new music, surprising and delighting fans with fresh new singles each week. He was able to express his growth and hunger in this new work, as the content and production ranged from light-hearted and jazzy to intense and introspective. After releasing a string of five standalone singles he compiled them all onto one sensational project with three additional unreleased tracks, and introduced it as The Collections of Mr. Nice Guy. The Collections of Mr. Nice Guy showcased a wide range of Grieves lyrical expression, as well as his production talents. On Perspective, Grieves waxes about the hypocritical standards musicians often face, while Let The Devil In addresses the demons he grapples with personally, rapping: That shadow on my shoulder weighs a ton, y'all pretend like my experience with hell was just for fun (nah). On the lighter side, Grieves invites Chris Webby to trade bars back & forth on Man Down, where the pair go on to skewer less-than-stellar MCs holding space in the industry. Meanwhile, I'll Be Better delivers a melancholy reflection on the tropes of heartbreak, letting go of the old and making room for the new. At once, The Collections of Mr. Nice Guy stands at the intersection of all things fans that have historically drawn fans to Grieves-truthful and relatable lyricism over soulful synths and drums.

E Halfnoise__City Talk Congrats Records 5056032378360 \$27.98 75 Rock
City Talk is the new self produced album from Zac Farro's Halfnoise. City Talk arrives via Farro's Nashville artist collective Congrats Records and follows 2019's critically acclaimed Motif LP. Farro, perhaps best known as the drummer of Paramore, has been honing his skills outside of his main gig for years now. He's released a steady flow of Halfnoise music, he's produced and played with Becca Mancari and Elke, he's directed videos for Paramore, Hayley Williams, Elke and Halfnoise and he's a consummate photographer - releasing a photo book in 2020 In Transit and shooting his bands and others, including Local Natives who are currently using Farro's images as their promo shots. The LP features a gatefold jacket and exclusive neon green LP.

D Hopkins, Lightnin'__Blue Lightnin' Spin The Blues 4995879076873 \$54.98 Blues
Blue Lightnin' is an album by legendary blues musician Lightnin' Hopkins recorded in Texas in 1965 and released on Stan Lewis' Jewel Records in 1967. This album has long been acclaimed as a masterpiece, capturing the aesthetics of Lightnin' Dirty Blues. Instead of the widely circulated jacket design featuring a colour photograph of Lightnin' himself, we now present it in a rare jacket design featuring another photograph which is now rarely seen, and is all blue. These little differences is one of the pleasures of digging reissue vinyls.

A sonnet of sorting. At iam8bit, we love a good mess as much as anybody, but let's face it: There's something so satisfying about a hard-earned clean-up. No one knows this better than the friendly folks at Max Inferno. Their debut title, A Little to the Left (published by our pals at Secret Mode), is a cozy & warm puzzle game that asks players to arrange everyday household objects to be just a little more pleasing to the eye. This experience is made all the more cozy & warm in the company of its melodious soundtrack, by maestro Justin Karas. Playful, bright, and sometimes even mischievous, the music of A Little to the Left instantly transports you to a place of calm and empowered focus. It's soothing melodic magic, featuring eight lengthy and whimsical tracks presented on tidy taupe vinyl. And of course, it wouldn't be complete without a little tactile flair reminiscent of the game! That's why we collaborated with album artist Paul G. Hammond to create this uniquely interactive 'tidy Diecut Jacket,' featuring an inner sleeve with both tidy and untidy display options. Grab your broom, open a window, spin this record, and turn what once seemed like chores into recurring moments of triumph. All while humming along, of course.

D Mario + Rabbids Sparks Of Hope - O.S.T.__Mario + Rabbids Sparks Of Hope - O.S.T. Laced Records 5063176004918 \$76.98 Soundtrack
Laced has teamed up with Ubisoft and Nintendo to bring the award-winning glorious galactical grooves of the latest Mario + Rabbids game to wax. Talk about a composer dream team - the credits of Yoko Shimomura, Grant Kirkhope and Gareth Coker speak for themselves. 35-year veteran Shimomura-san has touched many of the most beloved series including Street Fighter, Mario RPG, Kingdom Hearts, Final Fantasy and more. Kirkhope has created some of the most recognisable and beloved soundtracks in gaming, including GoldenEye 007, Banjo-Kazooie and Viva Piñata. The relative newcomer of the trio, Coker has amassed an enviable credits list, helming the Ori and Ark series as well as working on Minecraft and Halo Infinite. The three talents were tactically deployed across the score by audio director Romain Brillaud, bringing different orchestral and electronic sensibilities to the game. Kirkhope retained his 'friendly-epic' sound from Mario + Rabbids Kingdom Battle, and was assigned the narrative and character elements of the sequel's soundtrack. Nothing can rouse the troops quite like Shimomura-san's stirring piano and orchestral style, and she typically wrote Sparks of Hope's battle cues. Coker helped bring new colours and emotions to specific settings in the game as well as some boss fights, touching on styles including French impressionism to enrich the score. The whole OST is remarkably cohesive, aided by joint orchestral recording sessions that took place in Tokyo, Japan. Legendary Nintendo composer Koji Kondo and Super Mario Galaxy co-composer Mahtio Yokota supervised the soundtrack. MARIO + RABBIDS SPARKS OF HOPE © 2022 Ubisoft Entertainment. All Rights Reserved. D Nau, Michael__Accompany Karma Chief 674862662692 \$26.98 30 Folk/Americana
Michael Nau is set to release his fifth full length record under Karma Chief Records on 12/8/2023. Since the mid 2000's, he's crafted a catalog of thoughtful, reflective songs as the frontman of indie-rock mainstays Cotton Jones, Page France, and Michael Nau & The Mighty Thread. All 11 tracks come together to paint a beautiful picture. The lyrics invoke the listener's imagination throughout. They're introspective, but vague and open-ended. The indie rock backdrop shows signs of psych-soul influence with dry and punchy drums, lush synth lines, and tastefully verb-soaked vocal production. Sweeping string arrangements and French horn runs add cinematic motion to the waltz-y Shiftshaping (track 4). Slide guitar and a shuffling snare drum add some get-up-and-go to Painting a Wall (track 2). Nau's vocal delivery falls somewhere between crooning to a crowd, telling stories to a loved one, and musing to himself. The singer-songwriter's relaxed attitude toward making records is discernible in the sound. A while back, veteran producer and engineer Adrien Olsen (The Killers, Lucy Dacus, Fruit Bats), approached him about recording in his Richmond, Virginia-based studio. For the first time in a while, Michael had some sessions on the calendar. He called a few old friends and put together a band. I didn't have much of a plan before Adrien reached out, so I wrote some songs specifically for the session, Michael explained. I was thinking about what would be fun to play with this specific group of guys. The band consisted of several long-time collaborators and musicians who had participated in Nau's various recording and touring efforts over the years. It had been a while since I'd made music in a room with other people, Michael shared. We just sort of started playing and didn't really talk about what was happening. The combo's newfound chemistry was a primary source of inspiration and, with the help of Olsen, ultimately led to an album's-worth of music. Nau and the band spent five days at Montrose Recording and left with a plan to return and finish up a few months later. After the first session, I took a copy of the recordings with me to overdub a few things at my spot, Michael shared. While he was working through it, he found a bunch of beautiful moments of jamming in between the takes. I grabbed a bunch of the pieces and tried to work them in. Then, I dumped the whole thing onto a cassette as one long stream of songs. With the record mostly complete, the final session at Montrose would consist of some simple overdubs and finishing touches. But somehow, in the months between, he lost the overdubs. Going into the second session, all I had was the cassette, Michael explained. The band got back together and performed another batch of songs. At the end of their second session, they had enough music to pick and choose from for the new full-length. The songs, as they appear on the album, are basically how they were recorded as a live band. Grab a copy of Accompany on 12/08/2023 and keep an eye out for tour dates in the coming months.

But somehow, in the months between, he lost the overdubs. Going into the second session, all I had was the cassette, Michael explained. The band got back together and performed another batch of songs. At the end of their second session, they had enough music to pick and choose from for the new full-length. The songs, as they appear on the album, are basically how they were recorded as a live band. Grab a copy of Accompany on 12/08/2023 and keep an eye out for tour dates in the coming months.

D	Onitsuka, Chihiro__Insomnia	Universal Japan	4988031600214	\$63.98		Int'l & World Music
Chihiro Onitsuka's original first 3 albums, released when she was a member of Toshiba EMI, has been made into an analog record for the first time. Why did she appear like a comet in the early 2000s and receive overwhelming support? The answer lies in these first three original albums. Chihiro Onitsuka, a singer-songwriter who appeared like a comet at the end of the century in 2000, released her first album on March 7, 2001. It debuted at number 1 on the Oricon weekly chart and became a million hit album within a month of its release, becoming Chihiro Onitsuka's biggest hit album. It includes songs such as 'Gekko (Moonlight)', 'Cage', and 'medari', which at the time recorded unusually long sales for a newcomer. This work truly captures everything about her at that time. It is her debut album and a masterpiece. Latest remastering in 2023						
D	Onitsuka, Chihiro__Sugar High	Universal Japan	4988031600207	\$51.98		Int'l & World Music
Chihiro Onitsuka's original first 3 albums, released when she was a member of Toshiba EMI, has been made into an analog record for the first time. Why did she appear like a comet in the early 2000s and receive overwhelming support? The answer lies in these first three original albums. Chihiro Onitsuka's 3rd album released on December 11, 2002. It was released in just 9 months since the previous album 'this Armor', and since no singles have been released during that time, the songs on the album are all new songs. They also took the unprecedented step of performing the entire album at Nippon Budokan before its release. The theme is a return to the roots, going back to Chihiro Onitsuka's absolute base of 'singing and piano, ' and boldly projecting a more minimalist and more refined worldview. A piece that will forever resonate in your heart with a deep passion that resembles a prayer. Latest remastering in 2023						
D	Onitsuka, Chihiro__This Armor	Universal Japan	4988031600191	\$51.98		Int'l & World Music
Chihiro Onitsuka's original first 3 albums, released when she was a member of Toshiba EMI, has been made into an analog record for the first time. Why did she appear like a comet in the early 2000s and receive overwhelming support? The answer lies in these first three original albums. Chihiro Onitsuka's 2nd album released on March 6, 2002. This album is an extension of her previous album 'Insomnia, ' which sold a million copies, and features a more emotional Chihiro Onitsuka. 'Infection' is a ballad that can be called Onizuka's royal road, but it also incorporates bold orchestration. His hit single 'ryuseigun' is about wanting to be in touch with the person you love. The courage to move forward even when you are alone. Contains songs such as 'ROLLIN', ' in which she sings the song, 'thorn Sea, ' which plays a sad melody with a beautiful piano tone. The emotional vocals that make you feel like you're praying are a song that deeply touches your heart. Latest remastering in 2023.

E	Selway, Philip__Live At Evolution Studios	Bella Union	5400863146108	\$31.98	50	Rock
Live At Evolution is a companion piece of sorts to Philip Selway's recent released album, Strange Dance. This superb new live recording features Selway collaborating with celebrated string quartet,						

Elysian Collective, and percussionist Chris Vatalaro, to reimagine his songs in a slimmed-down setting. Commenting on the album Selway says: I originally brought this ensemble together to play at the launch event for Strange Dance, as I felt this combination of string quartet and percussion, together with my vocals, piano and guitar would be a compact way to capture the scope of the varied musical textures on the album. I was so made up with how it sounded and how it reframed the songs, that I wanted to capture this dynamic in a recording. As well as songs from Strange Dance, there is also a version one of his soundtrack pieces, People Of The Sea as well as a track called Song For Us - written as a pitch piece for a TV show.

E Sodom__Decision Day - Red/Yellow Steamhammer 886922706035 \$35.98 30 Rock
Red/Yellow Vinyl. There have been countless important decision days in the life of Tom Angelripper. On most of them, he has steered the path of his musical career in the optimum direction. As the singer and bassist of his band Sodom, Angelripper has been instrumental in keeping the 'German Thrash Metal' quality seal on the international map since 1982, proving with his uncompromising songs and ambitious lyrics that he likes to think outside the box of his musical genre. At the same time, Sodom have always felt committed to their own history and, along with the courageous exploration of new territories, have never lost sight of their band's typical sound. So it comes as no surprise that their latest album Decision Day is a successful mélange of a fresh, contemporary thrash metal attitude and the group's traditional fortes. The vocals on Decision Day occasionally remind me of our Persecution Mania phase, says Tom Angelripper, but the songs go much deeper, musically as well as in terms of their lyrics.

E Spirits Burning & Moorcock, Michael__End Of All Songs - Orange Marble Cleopatra 889466447419 \$34.98 270 Rock

E Steel Sessions__Street Fighter 6 X Nerds Clothing Presents: (Iex) Mnrk Music 634164400316 \$29.98 90 Rap & Hip-Hop
Clear red Vinyl. About NERDS Clothing. NERDS Clothing is a streetwear company based in NY/NJ and was founded in 2011. Since it's beginning, NERDS has built a loyal customer base, servicing a broad age demographic of consumers. CEO/Creative Director Eric Medina and Co-Executive Producer/Project Manager Jose Aquino have both provided creative and unique marketing campaigns to expand their company's reach and potential customer pipeline within the video game and music industry. With a combined 20+ years of experience with licensed products and music, they have partnered up with platinum record-selling producers Buda Da Future, Grandz Muzik, & Mike Kuz of Steel Sessions to spearhead this project with Capcom. The Steel Sessions team has worked with some of the biggest artists in the music industry, including Jadakiss, 50 Cent, Rick Ross, Nipsey Hussle, Nelly Furtado, and Dave East. About Street Fighter 6. Street Fighter 6, having sold more than two million units since launch, is available now and represents the next evolution of the Street Fighter™ series with a combo of unique fighting game innovations, brimming with content across three brand new game modes - Fighting Ground, World Tour, and Battle Hub. Players around the world can get their hands on all the hard-hitting Street Fighter 6 action now on PlayStation 5, PlayStation 4, Xbox Series X S, and PC via Steam. Hip-hop and Street Fighter have been in a relationship since the early 90's. This project was created to show appreciation for martial arts and the biggest most influential genre in history by combining raw authentic hip-hop production with some of the current stars and legendary veterans in the assorted creative mix. The goal was to highlight the importance and influence of hip-hop within the video game industry. Being that this year we celebrated Hip-hop 50 and with Street Fighter 6 being heavily hip-hop influenced, it made sense marrying the two together and delivering a project for the Street Fighter franchise like they never had before.

D	Frazer, Aaron__Bring You A Ring (Heart Shaped 45)	Colemine Records	674862662166	\$20.98	50	R&B
The A side of this 45, a brand new track from Aaron Frazer, is about how pressure makes diamonds. The last couple years have been really challenging, especially for those navigating relationships amidst the chaos. This song celebrates the connections of love that are strong enough to weather any storm, and the certainty that comes from making it through together. The B side features a track from Aaron's first solo LP, Introducing. Lyrically, Frazer sounds lovesick; the imagery he paints of demons so close behind and the repetition of these lyrics emphasise his longing. The song starts with piercing guitar, dark bass, and chime piano and Frazer himself drums throughout the song. The orchestration is swell while the strings and voices blend well with the transcendent feel of the music. Grab this 45, on either black and limited edition heart shaped vinyl, available 12/08/2023 from Colemine Records.

D	Pale Jay__My Dirty Desire / Dreaming In Slow Motion	Karma Chief	674862662593	\$9.98	50	R&B
This new 45 from Karma Chief Records showcases two tracks from Pale Jay's latest LP, Bewilderment. The A side, My Dirty Desire is a warbling slow-disco tribute to the introvert. Pale Jay acknowledges that society rewards extroverts, but he embraces his introverted nature and the benefits of solitude. The B side, Dreaming In Slow Motion' has silken falsetto vocals that float on top of a dusty rhythm section driven by a pulsing bass and laid-back drums. Accompanied by a catchy guitar and a grand string arrangement, Pale Jay invites the listener on a soulful trip to the early morning hours floating between dream and reality. Pale Jay's latest opus showcases his remarkable ability to craft sonic tapestries that transport listeners to a world of profound introspection and sonic bliss. This 45 from Karma Chief Records serves as a tantalizing glimpse into the depths of Pale Jay's musical genius, leaving you craving for more. So sit back, relax, and let the ethereal melodies whisk you away on an extraordinary sonic odyssey.						
D	Reggae Disco Rockers__With Friends	Flower Records	4562101861639	\$21.98		Reggae
Reggae Disco Rockers releases new single featuring their friends! Side-A features Asa (Asa festoon), who covers Yazoo's famous song 'Only You!' The B-Side includes an original song called 'Love Light Shining' featuring label mate Sakko and DeeJay Maguroman, whom he has known for 30 years. Romantic lovers rock on both sides! Reggae Disco Rockers (RDR) will drop a new album featuring their friends. On Side-A, we collaborated with Asa (Asa festoon), who collaborated with her on 'Caramel View' included in her 2nd album 'reggae Magic', for the first time in 20 years! A cover of Yazoo's representative beautiful song 'Only You' ('82) in the RDR style. The mellow and new wave original song has been made more organic, and has been made into a relaxed yet groovy lovers rock. B-Side has the well-known songstress Sakko from ONEGRAM, and they have been in contact for over 30 years, ever since collaborating on the compilation album 'modern Connection' ('98) produced by former RDR leader Noriteru Takamiya. Contains the original song 'Love Light Shining' featuring DeeJay Maguroman for the first time in 25 years. This is also set on the RDR style of lovers rock, and the combination of the two resonates comfortably. The illustrations were originally drawn by artist Ippei Hirasawa. The final release of Flower Records in 2023 will be decorated with a full jacket! LISTEN: https://on.soundcloud.com/kW2V3 Track list: Side-A: Only You feat. The Seminal 1986 Album Revisited And Expanded. Curated, Remastered And Re-Designed By The Laibach Organisation. Complete With 2 X CDs Of Live Versions Of 'Nova Akropolis' Songs From The Band's Own Archive. Vital Sleeve Notes By Alexei Monroe. Few bands stand apart from the crowd as distinctly as Laibach. Their idiosyncratic outlook and philosophy were formed against the backdrop of post-Soviet socialism in the Socialist Federal Republic of Yugoslavia, and the band has continued to follow an individual, often controversial path for over forty years, taking them into places few other artists dare to go. Originally released by Cherry Red in 1986, 'Nova Akropolis' (the New Acropolis) remains a masterpiece of politically-informed industrial expression, and signalled the beginning of Laibach's breakthrough onto the international scene, at a time when restrictions imposed on them in their homeland were beginning to be lifted. Curated, remastered and designed by the band and their organisation, this new 3CD edition includes two discs of vital live recordings of 'Nova Akropolis' songs spanning the years 1985 to 2021, captured in England, Slovenia, Serbia and Macedonia. Packaged in new artwork and accompanied by brilliant sleeve notes from cultural theorist Alexei Monroe, author of 'Interrogation Machine' and associate of the band, this new edition demonstrates the longevity of both the songs and the philosophy behind them, and is a vital new addition to Laibach's catalogue.
